Wrinkles Around the Eyes

Are usually caused by defective sight. Many women, and likewise men, look prematurely old from these wrinkles. The wrinkles in many cases can be removed by wearing correctly fitted glasses. To fit glasses correctly demands a thorough knowledge of refraction and the necessary instruments. We have both; hundreds of satisfied customers will say so.

ROBBED OF HIS CLOTHES.

Drunk Man Found By a Policeman Last Night.

Policeman Pearce last night found a white man without hat, coat or shoes on, lying on the ground near the Southern freight depot. The fellow was dead drunk and the officer could not arouse him to learn his name or where he was from. He was very cold and the officer fearing that the man would die from exposure, began taking up a collection from the small crowd which had gathered around him, to pay for the unfortunate's lodging. When the collection had been taken a little was lacking and the officer generously paid it.

The half dressed drunk man was unfit to be taken to a white boarding house so Mr. Pearce carried him to a negro restaurant and tucked him in bed. (The officer did not go back to hear the man express himself when he waked up this morning.)

The poor fellow had undoubtedly become so degraded that he had sold his clothes for money to buy liquor. We do not believe that Greensboro has a bar-keeper who is so anxious to sell it that he would stoop so low as to take a poor man's clothes as pay.

IN A DILEMMA.

But the Merchant Took Hold of Both Horns.

One of Greensboro's hustling and most prominent grocermen found himself confronted by a most perplexing condition the other night. He has two or three clerks, and on the night in question one of them secured leave of absence to go "possum hunting." This particular clerk happened to have the keys to the store in his pocket and carried them off with him.

After closing the day's work and preparing to go home, the proprietor found, to his dismay, that he had no keys to lock up with. He scratched his head for a solution of the problem, and decided to get a new lock and put on the door. He sallied forth to put this idea into execution, and found the hardware stores all closed. Finally, tired and disgusted, he hired a man to stay in the store all night, thus seizing the dilemma by both horns.

HE "RODE" WHITE.

A Circumstance Which Greatly Amused a Colored Man.

Greensboro has a colored citizen who is almost white. He looks and behaves like a white man. He is possessed of some means, and on a recent visit to Columbia, S. C., to look after some property, he entered the colored folks' car when leaving. The conductor came through, looked at him a moment and said: "Look here this car is for negroes; you go into the white people's car where you belong." Aaron Mendenhall, for he it was, was greatly tickled, but he picked up his grip, and on the command of the conductor, rode with the white people. It is a good joke on the conductor, and no one appreciates more, as a joke, than does Aaron.

Considering the Bids.

At the special meeting of the board of Aldermen last night, bids were opened concerning the lighting of the city from the Greensboro Gas and Electric Light Company, and a company from Baltimore, represented by Mr. E. W. Phillips.

The Baltimore firm's proposition carried with it a provision for putting in street cars, while the home company deals only with the lighting question. A committee composed of aldermen Ellington, Sergeant and Merrimon, were appointed to consider the bids, aided by the mayor and city attorney, and report to a meeting next Monday night.

Marriage in Charlotte.

Mr. T. T. Smith, Jr. left yesterday for Charlotte where he will be married this evening to Miss Bessie Ramsey, of that city. The marriage will be a quiet home affair and will take place at 7:30 o'clock, Rev. J. W. Staggs officiating. Miss Ramsey is a very popular young lady and has a large circle of friends in Charlotte.

Mr. and Mrs. Smith will arrive in Greensboro on the vestibule tonight. From here they will go to Washington on a bridal trip.

THE VERY LATEST NEWS.

Spain Has Nothing to Do But Submit to The Inevitable.

GERMAN INTERVENTION A MYTH

And the Dons Should Set About Preparing Themselves for Future Struggles, Says the Journal.

By Cable to THE TELEGRAM.
Paris, Nov. 16.—The Journal, referring to the peace negotiations says: "We think the extravagant exactions of the United States make a discussion almost impossible between that country and Spain and nothing but submission on Spain's part seems possible, as the rumored intervention of Germany is a myth. Spain should reconcile herself about preparing for her future struggles."

NOT THE LAST MEETING.

Madrid, Nov. 16.—The minister of foreign affairs received a communication from Paris today in regard to the peace conference, the contents of which are not made public; but it is not thought in government circles that today's meeting of the joint commission will be the last, though in any case the government will insist upon defending Spain's rights in the Philippines.

THE SPANISH REPLY.

Paris, Nov. 16.—The Spanish commissioners this afternoon presented along reply to our peace demand, which was not read. The reply, however was outlined by Spanish authorities and is a statement of the reasons why Spain could not afford to give up the Philippines.

The joint meeting today began at 2:15 and ended at 3 o'clock. At that time the commission adjourned until Saturday.

A True Story.

People know what they want. Yesterday a gentleman called in a store for an article of a certain brand. The merchant said he had bought it but it was not yet in, and showed him other brands—trying his utmost to sell his customer, but no go, and he was about leaving when a box of Home Plate tobacco was delivered at the door. There it is now said the merchant. All right said the gentleman, that's just what I want—give me a piece—here is your money, and he went on his way rejoicing.

Moral.—You better keep Home Plate tobacco in your store, if you desire to sell those who want the best. In another column see the names of those who keep it on sale.

Another Business House.

The Telegram welcomes to Greensboro Mr. H. R. Laws, who has followed the tide and come to the "City of Flowers" to engage in business. Mr. Laws comes from Winston and will open a splendid line of crockery and glassware in the store formerly occupied by Fordham & Ball, on East Market street. He is experienced in the business and has used his experience in selecting his stock, which has already arrived and will be arranged as soon as possible.

Mr. Laws is now at the Allen. Again we welcome him to Greensboro and wish him success.

Marriage This Evening.

A quiet home wedding will be solemnized this evening at 8:30 o'clock at the residence of Mr. J. P. Scott on Spring Garden street, when his daughter, Miss Ida Scott will be united in marriage to Mr. John B. Thomas, of this city. The ceremony will be performed by Rev. L. Johnson, pastor of West Washington street Baptist church. It will be strictly a home wedding, only a few of the friends of the parties being invited. Happiness, prosperity and a long life for them is the wish of the Telegram.

The Concert Last Night.

The Metropolitan Concert Company played and sang to a medium sized audience at the Academy of Music last night. The company is composed of Mr. Arthur Freeman, pianist, Miss Jeanie Benson, violinist, Mr. Carl Rieck, tenor, and Miss Julie Vallette, soprano. The music was for the most part high class and local critics speak of it in high terms, the most finished artist being, possibly, Miss Benson, the violinist.

The Whole Thing.

A man named Smith robbed railway agent Smith, of Hunter's Creek, Mich., of some express packages, was arrested by a constable named Smith, was tried before Judge Smith, and sentenced, and was taken to the penitentiary by deputy sheriff Smith. The Smiths seem to be pretty near the whole thing in that neck o' woods.—Denver Post.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU.
HIGH POINT, N. C. Nov. 16

The Metropolitan Concert Company have arrived and will give their concert tonight after the services at the Presbyterian church are over.

The concert at the M. E. church last night by the Woody Bros. Company was just what we said it would be—worth several times the price of admission. The singing by the class was good. It would hardly seem possible that in five lessons one could learn what his class has learned. In fact, the class is so well pleased that they are now trying to organize another class for a second term. The first part of the entertainment consisted of songs by the class, after which part of the audience left and missed what the remaining part of the audience said was the finest singing they have ever heard. We agree with them. It was indeed charming.

The first-class car of the Ashboro train has been taken off to haul troops to southern camps. So Capt. Rankin is running a "robust train" again.

O. A. Kirkman, superintendent of the Mattress and Bed Springs Company, who has recently bought the old academy property, has had the southern wing of the building moved to the lower part of the lot and will soon build to it and go to making mattresses therein. A porch is being constructed around the main part of the building, which will be used as a dwelling. The entire lot is being fenced in.

The next attraction at the opera house will be Joadwine and Burke's Grand Concert and Comedy Co., tomorrow night at the opera house at 8:30 o'clock, who advertise a carefully selected company of artists, composed of talented ladies and clever comedians in a repertoire of high class vocal and instrumental music, quartettes, trios, duets, interspersed with refined specialties. They have with them Mr. Louis Joadwine, who is advertised as the eminent violin virtuoso, assisted by Miss Leon Ella Dewitt, phenomenal contralto, in a new and superb travesty "A Slight Misunderstanding." Admission 15 and 25c. Reserved seats 35c.

It is still raining but don't forget the concert tonight at the opera house.

The Excursion.

An excursion from Bennettsville, S. C., arrived at 1:15 today with about three hundred passengers on board. To every one we say welcome, but it is bad that it should rain on excursion day. However, it is hoped that the excursionists will not see the mud, at least not get in it, and that they will spend a pleasant afternoon in the City of Flowers. The excursion leaves at 8 o'clock.

The Size of It.

Hon. (?) D. J. Lewis, would be solicitor of this district, who turned traitor to his color and party, but who got snowed under by sure enough white folks says, "It's—ll." Well, Davis, old boy, that's just about the size of it, and it's exactly what you deserve. All white folks who are white folks rejoice at your calamity. Such be the fate of all traitors and renegades—Lumberton Robesonian.

Going to Conference.

Rev. W. C. Wilson, of Mt. Holly, spent last night in the city with Dr. T. N. Ivey and left this morning for conference at Winston.

Rev. G. W. Ivey, of Lenoir, spent yesterday afternoon and last night in the city with his son, Dr. T. N. Ivey, on West Washington street, and left this morning for Winston to attend conference.

THE SPANIARDS WON'T SIGN.

But Will Demand a Return to Protocol.

SEMI-OFFICIAL STATEMENTS.

The Spanish Will Lose the Millions Now Apparently in their Grasp, By their Foolish Pride.

Madrid, Nov. 15.—According to semi-official statements here, the Spanish peace commissioners will maintain their present attitude in regard to the Philippine Islands, and will certainly not accept the conditions of the United States. Further, if the discussions does not return to the limits of the protocol, as viewed by the Spaniards, the Spanish commissioners have decided, in spite of contrary reports, not to sign a treaty of peace.

It is also learned from the same sources that complete accord prevails between the Spanish government and its peace commissioners.

The Spaniards declare that their refusal to sign a treaty based on any Philippine terms thus far suggested by the United States is irrevocable. They say they do not and cannot view the taking of the Philippines as anything else than a wanton ravishment of their possessions, unless it is accompanied by a financial consideration of appreciable size.

Therefore the turn of events in the peace conference depends upon the willingness of the American commissioners to extend their financial terms. Spanish sovereignty in the Philippines is now clung to by the Spaniards chiefly as a means to obtain financial relief, if possible.

Persons near to Spanish bondsmen believe that if the Americans assume the Philippine debt or pay its face amount in cash, the Spaniards would sign.

If they have not already done so, the Spanish commissioners will ultimately advise that they must not permit any controversy as to the binding character of the mortgage upon the revenues of the Philippines to pay the so-called Cuban debt. Tenacious adherents to this claim would set up on the Spanish side as ultimatum under which so treaty would be signed which did not stipulate that the Philippine revenues should pay the Philippine debt.

In such event the Americans would probably claim that the Philippine debt of \$40,000,000 amounts to \$20,000,000 in gold, of which about \$11,000,000 has been employed in fighting the United States, leaving less than \$10,000,000 chargeable in gold to the Philippines. Indeed, the United States would doubtless contend that even the reduced amount was used in fighting the Philippines and object to the Spanish conclusion that it is a fair charge against the Americans.

Trouble will arise, however, before that stage is reached, as the Spanish commissioners will undoubtedly inform the Americans that the latter have no right to exact a schedule of Spain's expenditures or any explanation regarding the destination of the money secured on these loans.

A Spaniard who is posted as to the exact status of affairs informed the correspondent of the Associated Press this evening that he did not believe the Spanish commissioners would take their final stand at tomorrow's session, although he thought it possible that they might finally decline to continue the discussion except within the limits of Spain's construction of the protocol. This is another way of saying Spain may cease her contentions. Should she do so she would make an open protest to the world against "spoliation."

SENATORIAL TIMBER.

It is yet two years before a United States senator from North Carolina is to be elected. Still, much is being said about senatorial timber. Two years is rather too long for a campaign of that kind to last. The names of F. M. Simmons and A. M. Waddell are very prominent now, and each of these gentlemen as highly deserving of the highest office in the gift of the people. There are others, however, notwithstanding the great work of Mr. Simmons in the campaign just closed, and the brilliant and able services of Waddell in the past and his recent accomplishments in Wilmington, who have earned and who deserve recognition.

We refer especially to Hons. C. B. Aycock and R. B. Glenn. Throughout the whole state no more patriotic sons can be found, none who have fought harder and accomplished more toward restoring good government. They easily rank among North Carolina's ablest statesmen. These two gentlemen have a strong hold on the confidence and affection of the people of North Carolina, and we predict that they will not be forgotten when the time comes to reward those who have earned it.

And we would not depreciate the services of Simmons and Waddell. Both are true North Carolinians, able, fearless, brilliant, and would reflect great credit on the state in any position. We wish the state were entitled to four senators and that each of these distinguished men might occupy that exalted position.

But, as we have stated, it is yet two years and more before a senator is to be elected, and there is plenty of time for the people to decide who shall succeed Senator Butler. They have already decided that he will not succeed himself.

It is now announced that the fusion paper, Home Rule, published by Dr. Righteous Altogether Cobb, in Raleigh, is a thing of the past. It made the fatal mistake of trying to help the Caucasian prove that white was black. But the contest is over and we can calmly and without bitterness say: May it rest easy in its coffin.

The last issue of the Caucasian didn't contain a line of editorial matter; but then, it was such a short time after the election!

From New Zealand.

Reefton, New Zealand, Nov. 23, 1896. I am very pleased to state that since I took the agency of Chamberlain's medicines the sale has been very large, more especially of the Cough Remedy. In two years I have sold more of this particular remedy than of all other makes for the previous five years. As to its efficacy, I have been informed by scores of persons of the good result they have received from it, and know its value from the use of it in my own household. It is so pleasant to take that we have to place the bottle beyond the reach of the children.

Pain Balm is also a certain cure for rheumatism. For sale by C. E. Holton.

PERILS OF WOMEN.

Politicians Who Embrace the Negro, are Responsible.

Atlanta, Ga., Nov. 15.—Mrs. W. H. Felton, whose speech brought forth editor Manly's reply in his Wilmington paper, resulting eventually in the negro's enforced departure from a North Carolina city, is at her home, the Felton farm, near Cartersville. Concerning the statements that Manly's editorial was written in reply to her address before the Georgia Agricultural society at Tybee, nearly two years ago, Mrs. Felton today repeated portions of the speech, and made some sensational statements in confirmation of her views.

In addressing the farmers at Tybee, Mrs. Felton said:

"The crying need of women on farms is security in their lives and homes. It is a disgrace in a free country when rape and violence are public reproach, and the best part of God's creation are trembling and afraid to be left alone in their homes."

"With due respect to your politics, I say that when you take the negro into your embrace on election day to control his vote and use liquor to befuddle his understanding and make him believe he is your man and brother, when you honey-suckle him at the polls and make him familiar with dirty tricks in politics, so long will lynching prevail, because the cause will grow and increase with every election. And when there is not enough religion in the pulpit to organize a crusade against this sin, nor justice in the court house to promptly punish the crime, nor manhood enough in the nation to put a sheltering arm about innocence and virtue, if it requires lynching to protect women's dearest possession from ravaging drunken human beasts, then I say lynch a thousand a week if it is necessary."

"Since that address was made the crime and lynching have decreased 50 per cent. in Georgia," said Mrs. Felton, coming to the present time.

"The race will be destroyed by the whites in self defense unless law and order prevails in regard to the crime of rape, and the lynching, the crime that follows."

"The negro Manly attributed the crime of rape to lewd intimacy between negro men and white women of the south. The slanderer should be made to fear a lyncher's rope, rather than occupy a place in newspapers."

A Sure Sign of Croup.

Hoarseness in a child that is subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough has appeared, it will prevent the attack. Many mothers who have croupy children always keep this remedy at hand and find that it saves them much trouble and worry. It can always be depended upon and is pleasant to take. For sale by, C. E. A COLORED MINISTER'S VIEWS.

He Gives Colored Political Aspirants Some Timely Advice.

Editor Telegram:—Truly, the state of affairs in North Carolina has been grave since the election, but the better judgment of the best citizens has asserted itself, and a speedy restoration is inevitable. There are two evils that were potent factors in bringing about these conditions in the state—a few hot-headed negroes in the north, and the unwise political aspirations of the colored man in the south. As to the hot-headed negro of the north—his denunciations are dangerous and his advice antagonistic to our best interests at home. These leaders remain in the north where the negroes are in the minority, and "cuss out" the south, forgetting that if the negroes were there in great numbers, as they are in the south, the same conditions would soon confront them. Let these same men come south and give this advice, and a motley crew will be seen hastily wending its way northward again.

Be it remembered, our homes are in the south; and it pays us better to cultivate the friendship of those who are truly our best friends, and whose interests we must not lightly regard. It cannot be denied that the colored man has made a grave mistake in pugnaciously asserting his political ambition when his financial strength does not represent 10 per cent. of the country's wealth.

If our northern white friends made a single mistake in their eagerness to help us, it was in granting an illiterate race the right of suffrage, making the ex-slave and the master equal in the exercise of their votes.

"Heights of great men reached and kept, Were not attained by sudden flight."

As it appears to us, the colored man should drop out of politics and turn his attention to moral, industrial, intellectual and religious training, for there is a greater need for many men than for colored political leaders. Unfortunately, as a whole, the worst element of our race has always been successful in politics. This lesson is taught in two miserable failures—our attempts to control the municipal government in North and South Carolina.

We may have been the most religious race in the world, but if this is manifested by the way we support our churches and families, we are certainly drifting. The church must eke out a meager existence through concerts, entertainments, etc., and the colored people have but little respect for the ministry.

Many were greatly surprised at the violence and bloodshed in the east. We were not, for any race of people would have resented Manly's attack, and discarded the excessive negro representation in the municipal government.

Now, let the race remember in whom their best interests are centered; refrain from violence; be respectful under all circumstances, remembering that we are better acquainted with the conditions at home than the northern negroes are. And soon the silvery wings of gentle peace will hover over the struggling millions, the turbulent waters of the restless ocean will subside and a peaceful morn will blushing smile upon us. J. Francis Lee. Greensboro, Nov. 16.

A cough is not like a fever. It does not have to run a certain course. Cure it quickly and effectively with One Minute Cough Cure, the best remedy for all ages and for the most severe cases. We recommend it because it's good. Howard Gardner.

Mary Lesser, a New York servant girl, stole \$300 from her employer, Jacob Silverman, to provide funds for her lover to marry her.

Overcome evil with good. Overcome your coughs and colds with One Minute Cough Cure. It is so good children cry for it. It cures croup, bronchitis, pneumonia, grippe, and all throat and lung diseases. Howard Gardner.

Joseph Jefferson may go south from New York to recuperate, and his son will assume his dramatic engagements this season.

James Schell, a negro bricklayer, was fatally shot in New York as the outcome of race sentiment among laboring men.

Orders have been issued by the navy department for the final trial of the gunboat Princeton on November 18 from Hampton Roads.

Discovered by a Woman

Another great discovery has been made, and that too, by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose that she slept all night; and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz. This writes W. C. Hammick & Co., of Shelby, N. C. Trial bottles free at C. E. Holton's drug store. Regular size 50 cents and \$1.00. Every bottle guaranteed.

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating tonics. Price, 50c.

PROF. TOMS TO LEAVE.

Has Accepted Superintendency of Bennettsville Schools.

Professor Nathan Toms, who has done such splendid work in the Greensboro public schools, both as Instructor and as principal of the South Greensboro school, has tendered his resignation, which has been accepted to take effect next Friday. Professor Toms has made many warm friends during his stay in Greensboro. Those who have watched the development of pupils under his direction and guidance are unanimous in their praise of his faithful and efficient services.

While we regret to lose Prof. Toms we congratulate him on his election as superintendent of the Bennettsville public schools, which is the cause of his resignation. The school board of that place has wisely chosen, and as they become better acquainted with him we feel sure they will find additional cause to congratulate themselves. In this deal Greensboro is the loser.

could abuse a bath tub most shamefully in fifteen minutes. But there is another kind of abuse of the bath tub in which the bather, instead of the tub is abused. There is a right and a wrong way to bathe. Ice cold baths are not best. Take one that is warm or tepid. Then by means of a shower reduce the temperature until it is cool, but not cold. If you have no shower bath the same results can be secured by the use of our Shower Bath Ring. The best bath tub appliance on the market, and only \$2.00. Doesn't wet your hair.

The Social Standing

of most men is much higher than the sum of their income. To such men it must be good news to learn that they do not have to pinch themselves in order that they may pay the extravagant tailor's bills. We sell perfectly fitting clothes for business, semi-dress or full dress occasions of unquestionable style and superb qualities at prices which permit the saving of almost half tailor's bills. Our best clothes are made by the famous New York tailors, Messrs. Feuchelmeier, Fishel & Co., whose label on every garment is a guarantee that the clothes are equal to "custom made" in every particular. Therefore, whether it is a sack suit, a cutaway or a Prince Albert frock, a pair of trousers, a top coat or an overcoat that you need, do yourself the justice to at least see our offerings—and then go to your tailor if you like—but you won't.

The Greatest Clothing Sale

In the History of This Country.

\$20,000 Worth of Clothing

Must Be Sold in the Next 30 Days

50 pr ct. less than Manufacturers Cost

Sale To Open

WEDNESDAY, November 23.

This stock is representing the production of one of the best and most popular Eastern clothing manufacturers, who finds himself today badly entangled financially, pushed to the very well of ruin, and must save his honorable name at all hazards. You must remember that this is no idle boast nor a statement of a fanciful mind, but we mean to substantiate every syllable we utter. We positively guarantee that our All Wool Clay Worsteds Mens Suit for \$6.50 must be as good in every detail as the kind sold here for \$13.50. An all wool up to date Kersey suit for \$5.50 must match any one sold for \$12.50. The all wool Cashmere for \$3.50 must surpass the \$8 kind you get elsewhere. Our \$2.50 suit must look as good and wear as good as any \$6.50 suit in this market. Covered Cloth and Blue Kersey Overcoats for \$4.50 and \$5.00 we are satisfied to guarantee to be actually the same as the \$10 and \$12 goods sold by every retail dealer. Pants for 75 cents, \$1 and \$1.75 will take place of the best \$1.75, \$2.25 and \$3.00 goods. If you don't find them as we say, bring them back and you shall get your money.

REMEMBER

this is your first, and possibly the last chance in your entire lifetime, to purchase your clothing direct from the manufacturer at such ridiculously low prices. You are all invited to come, and must come early, for the goods will move fast and you don't want to miss it, the only thing left.

Remember the place. Our store is in the

McAdoo Building,

N. Balser, Manager.

Corner East Market and Davie Streets.

P. S.—The first gentleman entering our doors when we are ready for the opening of our sale, will be presented with a suit of clothing worth \$8.00.
